

Tour Itinerary for Argonne National Laboratory Visit

November 24, 2009
Midwest Clean Tech 2009

Argonne National Laboratory, a renowned R&D center, brings the world's brightest scientists and engineers together to find exciting and creative new solutions to pressing national problems in science and technology. The nation's first national laboratory, Argonne conducts leading-edge basic and applied scientific research in virtually every scientific discipline. Argonne researchers work closely with researchers from hundreds of companies, universities, and federal, state and municipal agencies to help them solve their specific problems, advance America's scientific leadership and prepare the nation for a better future. With employees from more than 60 nations, Argonne is managed by the UChicago Argonne, LLC for the U.S. Department of Energy's Office of Science.

Tour Escorts: Phyllis Nelson/Ray Urbanski

2:00 p.m.

Arrival – Main Guard Gate
Tour Escorts

Transportation Research

Henning Lohse Busch
Assistant Transportation Research Engineer
Energy Systems

Clean Technologies

Seth Snyder, Section Leader
Process Technology Research
Energy Systems

Advanced Photon Source

Steve Davey, Technical Operations Specialist
John Maclean, Associate Division Director
John Quintana, Associate Division Director
APS Engineering Support

4:15 p.m. Depart
